ASHLAND GOES DRY

But Catlettsburg Clings to Her Idol and Votes Wet.

Resenting the Appeals from Big Sandy People as Unwarranted Interference.

The people of Big Sandy, Louisiana among them, responded nobly to the call of the temperance element of Catlettsburg for help in their fight against liquor. About 300 from Pikeville, Prestonsburg, Paintsville and this place went down last Saturday morning and remained all day, helping in every honorable way to make the result "dry." The Louisa delegation numbered about 40, carrying banners and wearing the colors of the W. C. T. U. The Paintsville band made good music for the occasion. The visitors were met by a band and hundreds of citizens and were made to feel that their presence was welcome and helpful. The liquor supporters were not all cordial however. The News deeply regrets to note that, so far as Catlettsburg is concerned, the laudable work of the day was in vain.

The election was held on Monday last and was the hottest ever held for local option. Much bitter feeling was engendered, especially in Catlettsburg. No acts of violence occurred, however, in either city. The county went "dry" by a majority of 1245, Ashland "dry" by a majority of 107, and Catlettsburg "wet" by a majority of 22.

LAWRENCE FISCAL COURT.

Lavy Laid for Special School Tax Required by the New Law.

E. E. Shannon was elected County Treasurer, being the only candidate. J. W. Shannon was appointed commissioner to dispose of the hickory timber on the county infirmary farm. The attention of the Court was called to a claim that Lawrence county has against the United States for damage done to the Court House during the civil war. The building was occupied by U. S. soldiers and was badly mistreated. Jay A. Vinson proposed to get up the evidence and prosecute the claim at his own expense, and if anything is recovered the amount is to be divided equally between him and the county. The Court accepted the proposition. Permission was given Buck Holbrook to keep the mules without expense to the county until July 1st, when a special session of the Court will be held. \$3000 of jail bonds were paid off with money from the sinking fund. A levy of ten cents on each \$100 worth of property outside of the town was laid as required by the new school law. This money is to go toward to be used in providing school houses where worst needed in country districts.

The number of people, including relatives and friends, who attended the funeral of Mrs. C. C. Sullivan on Thursday last was very large.

Ashland, Ironton, Catlettsburg and some other places were well represented by those who desired to show by their presence the deep regard they felt for so noble a character. Mr. was greatly regretted that the Rev. F. E. Shannon, a much loved grandson of the deceased, was not able to attend the obsequies. He started from Brooklyn in time to reach Louisa before the burial of his honored relative, but unfortunately a wreck on the Pennsylvania railroad caused such a delay that it was impossible for him to get here until after the burial. When Mr. Shannon ascertained this fact he returned to his home.

Important to Teachers.

Under the new school law, which is known as the county unit school law, the county becomes the unit. The present school districts are called sub-districts and have one trustee each, who was elected last August, when the first election under the new law was held.

For the guidance of those who desire to teach in the public schools, we append the following information: On the last Saturday in June of each year, the teacher is placed by the trustees of the educational division in which the application of the teacher is placed.

The teacher's application for a school must be in writing, stating plainly salary, length of term (not less than six months), juniorship, etc., enclosing certificate of qualification with application. If applicant has no living certificate and expects to be qualified in the July or August examination, provisions can be made accordingly.

All applications must be filed with the secretary of the educational division in which the school is located previous to the last Saturday in June.

Contracts for the service of all teachers shall be in writing, signed in duplicate by the teacher and by the chairman and secretary of the division board in which the teacher is employed.

KENTUCKY CONVICTS

Should be Put Work on the Roads, Warden Mudd Thinks.

Warden Mudd of the Frankfort Penitentiary, has under consideration a prison reform which, it is thought, he will soon endeavor to have enacted into a law. His plan is to have all prisoners sentenced to two years at least put to work on the roads, while the long termers are kept at work inside the prison walls. He would have them distributed in camps to counties and work under union hours. He thinks that under this plan Kentucky would soon have the finest roads in the country.

Warden Mudd has also abolished the whipping of prisoners tied. His plan is to inflict the punishment with the prisoner's hands and feet free so that he may defend himself if he cares to do so.

Ratcliff.

There was preaching at this place Sunday by Rev. Rice.

Mrs. Nora Reeves of this place, was visiting at Denton this week.

Mr. and Mrs. Calvin Thomas were on Catlettsburg.

Can Smith. Callup was visiting at this place Sunday.

Bentley girls attended Sunday School at Brammer Gap Sunday.

Mrs. W. J. Riffe has been quite sick for a few days.

Several Bell's Trace people attended church at Willard Sunday evening.

Willie and Mont Cooksey of Glenwood were visiting in Johnson county recently.

Ada Pink of Jattle was visiting her grand-parents Saturday and Sunday.

Jay O'Daniel passed up our creek Monday.

Joe Bentley was on Twin Branch Saturday.

Mirtle Cobern of East fork was visiting at this place a few days ago.

Millard Bentley and Howard Wilson, who have been working at Logan, W. Va., for some time have returned home.

Ed. Smith of Cooks Creek was here Sunday.

Martin Wheeler of Johnson county attended church at this place Sunday.

PANSY.

After an absence of several years Mr. and Mrs. F. R. Moore have returned to Louisa to live. They are occupying the residence bought by Dr. Farley Mr. Moore's son-in-law, from Tohe Rule.

Z. Taylor Vinson, formerly of Louisa but now of Huntington, has been appointed a Regent of the West Virginia University. Mr. Vinson is very prominent in West Virginia politics and is a Republican. The appointment was made by Governor Glascock.

DEMOCRATS MEET.

Candidates Take Ironclad Oath to Spend No Money.

Primary to be Held on April 17th will Also Nominate Magisterial Candidates.

A meeting of Democratic committee-men and candidates was held at the court house April 1st for the purpose of completing arrangements for the primary election to be held on April 17th.

All candidates formally entered their names and made the required deposit of money to cover expenses of the primary. This amounted to ten dollars each for candidates for county offices and five dollars for magistrates and constables.

An oath was made and signed by all candidates to the effect that they would use no money, liquor, or other thing of value to influence voters in the primary.

The question of whether or not the candidates for magistrate and constables should be nominated on April 17th was thoroughly discussed. All candidates favored this arrangement and the committee agreed to it, he interested parties having waived all right of notice, etc.

The vote for county officers will be taken in the 18 old precincts. This will not be practicable in the magistrate's races in the two Louisa precincts because of the creation of Busseyville precinct. It has been arranged that all living in the new Busseyville precinct shall go there to vote in the magisterial contest, but for county offices they must go where they voted last November.

Lots were out for position on the ballots, each candidate apparently favoring the first place under the heading of his office, for county offices, and for magistrate, E. W. Chambers was the only man who withdrew.

EMBEZZLEMENT

Charged Again Roy M. Wright, a Native of Big Sandy.

A recent dispatch from Washington to the daily papers is as follows:

Roy M. Wright, formerly of Prestonsburg, Ky., a railway mail clerk, was arrested here this morning as he stepped from a train in the Union Station. The action was taken by the Washington police upon the request of the authorities at Boise City, Idaho, who telegraphed that Wright was wanted on a charge of embezzlement, and officers are on their way to Washington with requisition papers for him. Wright, who is a distant relative of Representative Langley, of Kentucky, is confined in the Sixth precinct station. Counsel has been engaged for him and efforts will be made to secure his release on bail.

It is stated in the dispatch from an officer at Boise City that Wright obtained about \$6,000 by alleged false pretenses in a hay deal in Idaho, where he was living last year. He was in the brokerage business and was said to have made considerable money, which he lost. Wright says he does not know the nature of the charges against him, but believes it is simply the echo of a suit involving \$600. He says he is guilty of any wrong doing.

He was appointed a railway mail clerk only about six weeks ago. Wright was at Louisa quite often last winter.

Widows' House Burned.

The residence of Mrs. Wellman, widow of Wm. Wellman was destroyed by fire yesterday morning on Daniels creek, this county. The fire caught from a defective kitchen stove. Mr. Wellman died several months ago.

PRIMARY ELECTION

Pulled Off Saturday With Some Very Interesting Races.

Republicans of Lawrence Made Nominations for Full County Ticket to be Voted for in November.

The Republicans of Lawrence county, held their primary election last Saturday to nominate a county ticket to be voted for next November. Many of them quite close. The returns of these quite close. The returns brought surprises to a good many, as things happened in several precincts that can not be philosophically accounted for.

Following is a list of the successful candidates and their majorities: County Judge, David Boggs, 379. County Attorney, W. T. Cain, 47. County Clerk, Mont Holt, 231. Circuit Clerk, Rice McClure, 106. Sheriff, John H. Carter, 267. Supt. of Schools, J. H. Thompson, 107.

Jailer, Z. C. Wheeler, 254. Assessor, Chas. Rice, 124. Surveyor, M. B. Elliott, 1170. The total vote cast was 7399.

A Narrow Escape.

On last Friday Mrs. Nannie Chapman and Mrs. Z. T. Frazier attempted to cross Tug river near Saltpeter in a small boat. The boat was being paddled by a boy who was apparently unaccustomed to the business. He let the boat drift down stream and into a recently fallen tree top. Mrs. Chapman jumped into the tree top and clung to the branches. Mrs. Frazier with her babe, was knocked into the water and was rapidly sinking when Mrs. Chapman heroically clung to her until she could pull herself ashore by the branches of the tree. Meanwhile the baby was rescued by the boy, and all returned home none the worse bearing a good ducking.

CITY COUNCIL

Met in Regular Monthly Session on Tuesday Night.

The City Council met in regular monthly session last Tuesday night. Mayor Snyder presided, and all the members except William Justice were present. The proceedings of the March meeting were read and approved. The reports from the Police Judge, Treasurer and Marshal were read and ordered filed. The treasurer's report showed a balance on hand of \$32.38. An order was made, paying his monthly salary, \$35, to Marshal Wellman. The claims of Clerk Bromley for making out financial statement for the city \$5, and J. L. Richmond for surveys, \$6, were presented and referred.

The improvement committee showed that it was awake to the pressing need of cleaning up and bettering the condition of the streets, and declared that something was going to be done at once.

The water furnished the city and the condition of the reservoir was discussed at length. The result of this discussion was that it was by order made the duty of the improvement committee to have the reservoir examined and put into such condition that the water from it would be healthful, and kept so. Some water drawn from a hydrant is to be sent to the College for a quantitative and qualitative analysis. The College will do this free of charge. People who indulge in the luxury of keeping dogs will take notice that the marshal was ordered to at once begin the enforcement of the dog tax. The city is badly in need of revenue, and dog owners are to be made to help replenish the exchequer.

Mr. and Mrs. J. M. Tolbert, of Matewan, came down yesterday, and went to Mrs. Tolbert's former home at Georges Creek. She will enter Riverview hospital for an operation on her jaw, to be performed by Drs. York and Burgess.

Death of Mrs. Stant Clayton.

Last Wednesday afternoon at four o'clock Mrs. Stanton Clayton, of East Central avenue, died very suddenly. Mrs. Clayton had gone to a nearby store, and was returning home, when she grew tired and stopped at the home of a neighbor to rest. While sitting in her chair she was suddenly seized with an attack of heart trouble, and the neighbor observing her condition, said she would send for a doctor at once. "No," said Mrs. Clayton, "it is too late, I am about gone," and with that she expired.

Mr. and Mrs. Clayton came here from Louisa. Mr. Clayton is the son of Judge Clayton, of Lawrence county, and is the brother of Ex-Sheriff Clayton, also of Lawrence county.

Mrs. Clayton was 55 years of age, and a woman who was the picture of health. She was robust, and was always bright and cheerful. Besides her husband she is survived by three daughters—Mrs. Timothy Haney, of this city; Mrs. Lillian Hyden, of Cincinnati, and Mrs. John Chinn, of New York. Also one brother, Jas. O. Bryan, of Cassville, W. Va.; also two granddaughters.—Independent.

Interment occurred on Saturday last and was attended by relatives from this place and neighborhood.

AGED MAN BADLY BURNED.

Leander Bloss an Aged Gentleman Falls Into Fire.

A most horrid affair occurred near Ardell, Wayne county, on Wednesday last which it is feared will result in the death of one of the oldest and most prominent citizens of that county.

Leander Bloss, an aged farmer who resides on Twelve Pole, was the victim of the accident, the details of which are horrifying. Mr. Bloss, who is about 70 years old had been somewhat ill for sometime, but his condition was not regarded as being serious by any means, by his friends, as he was yet able to go about his room. On Wednesday he arose from his bed and soon fell quite sick and faint. He got a campbottle and while in the act of returning to his seat before the fire he fell in a faint, becoming unconscious. In falling his feet went into the fire which was of wood in an old time wood fire place.

The unfortunate man lay in this position for several minutes until he was discovered by a little girl whose parent resided in the house. The child gave the alarm to her mother who by a desperate effort succeeded in pulling the man from his perilous situation.

It was found that the feet of the aged farmer had been burned to a crisp the injury extending almost to his knees. A physician was hurriedly summoned and decided that the amputation of one of the members would be necessary in order to save his life.

The advanced age of Mr. Bloss is said to be such that he would likely be unable to undergo such an operation, hence there is said to be but the slightest hopes for his recovery.

Mr. Bloss has several relatives in this county.

School Census.

The time has arrived for taking the annual school census. This school census, the enumeration of children of school age, is taken each April and on it depends what the county receives of the State's school money. The enumerators are due to begin their work on April 1, and the reports must be in by the first of May. This year, for the first time, the census takers in the county will be paid for their work and will receive five cents for each name enrolled.

Gov. Willson granted a pardon to Nelson Bishop, of Morgan county, who was sent to the penitentiary in June 1908, to serve two years for voluntary manslaughter.

The executive refused to act favorably upon the application of Logan B. Roach, Robert Lington, John Riley, Alex Bishop, and John War-nock, formerly of Richardson, this county, Aldermen.

JURY DISAGREED

In Case of Eugene Gardner, of Magoffin County.

Another Trial Already Under Way at San Francisco on Charges of Manslaughter.

The following from San Francisco is of great interest to relatives and friends of young Eugene Gardner, who was born in Magoffin county and is related to very many prominent people.

The trial of Eugene Gardner, the young Kentuckian charged with the murder of a negro named Cardozo on the whaling ship Bowhead last August, resulted to-day in a disagreement of the jury. Eight jurors were for acquittal, while the others stood firm for manslaughter. The question of murder was completely eliminated.

Judge Van Fleet endeavored to get the jurors to reconsider their decision, but all remained obdurate, and were dismissed by the court. The bench announced that a new trial would proceed at once, and the witnesses in the case were subpoenaed to appear in court to-morrow morning, and the retrial will be rushed through with all possible speed.

Attorneys W. A. Young, of Morehead, who, with Attorney H. R. Prewitt, were associated with the defense and made a special trip from Kentucky for the purpose, may be obliged to return to-night, but the case will be left in the hands of Attorney Parker Maddux, Jr., of San Francisco.

Gardner who is a handsome youth took the matter coolly, and betrayed no perturbation during the suspense. The action of the jury is generally believed here to be the result.

United States Attorney Delvin's closing argument to the jury, wherein he cautioned the jurors to refrain from being influenced by the eloquence and attraction of Attorney Young's address for the defense. He paid a glowing tribute to the Kentucky attorney's power of speech and portrayal of evidence for the defense, and hinted that both might strongly tend to divert even if hard headed jury from the proper sense of justice in bringing in a verdict.

Delvin presented a strong argument for the prosecution, and used his study of the case to advantage. In this he has the advantage of the defense, which entered the trial with facilities to probe so deeply into the adverse side. In spite of the disagreement of the jury, it is generally believed here that he will be acquitted and Attorney Young's defense of Gardner has transformed prejudice to sympathy.

ASSESSMENTS RAISED

By State Board of Equalization on Several Counties in This Section.

The State Board of Equalization, now in session at Frankfort has taken preliminary action on a number of counties, raising their assessment, as follows: Elliott, 2 per cent on land and lots. Lawrence, 2 per cent on land and lots. Boyd, 2 per cent on land and lots. Floyd, 35 per cent on land and lots. Morgan, 10 per cent on land and lots. Magoffin, 15 per cent on land and lots. The local assessment of Johnson, Knott and Martin Counties was accepted.

Williamson Goes Wet.

The election for municipal officers in Williamson was a landslide for the Democratic candidates in every ward and the city at large. They polled on an average four to one votes. Alonzo Pinson was elected mayor for his third term. The city also voted "wet" by a large majority. W. B. Morrison editor of the Williamson Enterprise was elected Recorder, and H. I. Williamson, B. Roach, Robert Lington, John Riley, Alex Bishop, and John War-nock, formerly of Richardson, this county, Aldermen.

A LETTER

From Granite, Okla., Which Will
be Interesting to Some of
Our Readers.

Granite, Okla., March 29, 1909
Big Sandy News:

We have been in the "wild west" now for nearly two months and are getting acclimated to this country, and acquainted with the people.

I must tell you of our experience with a sand storm that came here on Wednesday the 24th inst. On Wednesday morning I went to Mangum, a town about 4 miles from our home and got back by 11 a. m. and just after noon, having some business to attend at Granite, Mrs. D. said she would go with me. Just as we stepped out the north door I called her attention to theinky black cloud in the north, but we did not apprehend any danger and started out brisk walk as I wanted to catch the 2:30 train, but in about three minutes I looked again at the clouds and they were as black as midnight, darkness seemed to be rolling on the ground and the sun was still shining, but everything looked a peculiar bright white in appearance as though it was covered with snow. I told my better half that we had better make for the house for I thought, perhaps that it was a cyclone so in less time than it takes to write it or read it the wind struck us with such velocity that it was walking near river bank, it took all our effort to keep being blown into the stream. We had to face the wind, and at times it was so severe that we had to walk in a crouching position to keep from being blown backward.

In about 10 minutes of hard struggling we reached our home and found the rest of the folks in the house laughing at us, as we came in just drenched from crown to sole, but not with one drop of rain, but sand, all over our clothes. This storm began at 1 p. m. and lasted till 6 p. m. Several citizens told me it was the worst they had ever seen. This sand storm started us to building a storm house, and we have it just about completed. There is no danger in sand storms of losing your life, but it does show what people dread.

Still I was talking with Mr. Lackey, who is a gentleman from Georgia, and he told me he had been in Oklahoma since 1886, and had only seen one cyclone in his life, and that back in Georgia. While our landlord, Mr. Elder, said he saw several cyclones in Iowa in one day, so Oklahoma is not the only state in the U. S. where the wind blows.

The schools in this state are fine from what I have been able to learn of them. They are divided into districts about like the were in Kentucky before the new law, and the country schools have five months of school in the fall and three months in the spring time. School is still going on in our rural districts, which is just 1-2 mile from our house. There is a very fine college building at Mangum, the county seat of Greer county. It is twice as large as the K. N. C. building, but I do not know what kind of faculty they have.

The people generally are kind, sociable and accommodating to strangers, and I have never been one bit homesick, for I feel just like I am at home. People riding in autos and wearing fine clothes will speak to

you as quick as others will that is in a cotton wagon.

We are not done planting corn yet, but have 50 acres ready for planting. Some farmers are done planting and are fixing their ground for cotton which will be planted from May 1st to June 13.

This is a fine country for a working man, but it is no place for a loafer for everybody is on the hustle. We have the State Guarantee Bank system in Oklahoma, and we like it fine. My alfalfa is now higher than the top of my shoes and looks fine. We are going to sow 30 acres this spring in alfalfa.

Our mail is brought to us by the R. F. D. and on Monday we are always anxious for uncle "Jeff Davis" (for that is the carriers name) to arrive for we know he will have the Sandy News and it is almost like talking with your home friends, for it gives us all the news fresh from our old home county.

Wishing the Big Sandy a prosperous year, will ring off for this time.

Readers Should Mix this for Kidney or Bladder Trouble.

Mix the following by shaking well in a bottle, and take in teaspoonful doses after meals and at bedtime: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. A local druggist is the authority that these simple, harmless ingredients can be obtained at nominal cost from our home druggist.

The mixture is said to cleanse and strengthen the clogged and inactive kidneys, overcoming Backache, Bladder weakness and urinary trouble of all kinds, if taken before the stage of Bright's disease.

Those who have tried this say it is lively overcomes pain in the back, clears the urine of sediment and regulates urination, especially at night, curing even the worst forms of bladder weakness.

Every man or woman here who feels that the kidneys are not strong or acting in a healthy manner should mix this prescription at home and give it a trial, as it is said to do wonders for many persons.

CURES INDIGESTION

Distress from Stomach and Indigestion Vanishes in Five Minutes.

Take your sour stomach—or maybe you call it indigestion, dyspepsia, gas, flatulence or entarrh of stomach, it doesn't matter—take your stomach trouble right with you to your pharmacist and ask him to open a 50-cent case of Lape's Diapepsin and let you eat one 22-grain Triagule and see if within five minutes there is left any trace of your stomach misery.

The correct name for your trouble is food fermentation—food souring; the digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness and many other similar symptoms.

If your appetite is flakey, and nothing tempts you, or you belch gas or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all that there is but one cause—fermentation of undigested food.

Prove to yourself, after your next meal, that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is awaiting for you. It is merely a matter of how soon you take a little Diapepsin.

Little John.

On last Wednesday death visited the home of Sack Flaughter and took from him his beloved wife. She had not been well for some time, but nothing like death was expected. She went in to see about supper and fell and was dead in a few minutes. She leaves a husband and four children, a father and mother, three brothers and several sisters to mourn their loss. She said only a short time before she left this world she was saved and ready to meet Jesus. So I hope God has blessed her and has given her a home where there is no more pain or death.

She was a daughter of Mr. and Mrs. Folk Graham.

Ten Doctors Said He Would Die

"In 1903 we wrote you regarding my husband, who was suffering from heart trouble. He was superannuated by the North Georgian Conference. Ten doctors at different times said he would die. You advised Dr. Miles' Heart Remedy and Restorative Nervine; we did as advised, and improvement was apparent from the very first. He recovered and the Conference in 1904 gave him a charge. He never felt better, although he has very heavy work and does a great deal of camp meeting work. I am so glad we took your advice and gave him the medicine, and feel that I ought to let you know of the wonderful good results from its use."

Beautiful Easter tide. Had not that Roman seal been broken, and the powers of darkness thwarted, there would have been no light at Easter tide. But the son of righteousness has risen with healing in his wings and now his glory is the light of Easter day.

ooo

A German Easter custom is to light fires on the hillside of the Hartz, obtaining the holy water from the streams at midnight, when the good spirit moves the waters, and the presentation of cakes, shaped in the form of the rising sun are made special features of the occasion.

ooo

It has often been asked why an egg is the symbol of Easter. The use of eggs for Easter can be traced to the theology and philosophy of Egyptians, Persians, Gauls, Greeks and Romans, among all of whom an egg was a symbol of the universe, the work of the Supreme Divinity. The Persians gave presents of eggs at the feast of the vernal equinox—in honor of the renewal of all things. The Jews adopted it to meet the circumstances of their history as a type of their departure from Egypt, and it was used in the feast of the passover as a part of the furnishing of the table with the paschal lamb. The early Druids also used the eggs in their ceremonies.

ooo

In Switzerland a peculiar game is played at Easter. Large baskets filled with bran are placed in a circle somewhere on a free field or public place. Then as many rows of 100 eggs as there are competitors are laid, each egg a foot or so apart from the next, the rows radiating from the baskets to an equal distance. The task is to put the 100 eggs, one by one, into the basket without breaking any, and who does it in the shortest space of time is the winner.

ooo

The Easter festival of our forefathers covered a period of 15 days. The week beginning with Easter Sunday was most entirely given over to sport and games and general merry-making. An odd feature of the old-time celebration was that of having or lifting the "heaved" sitting in a chair decorated with white ribbons. Easter Monday and Easter Thursday were known as heaving days, the women sitting in a chair on Monday and the men on Tuesday. Those heaving or lifting the chair were expected to lift it three times and then kiss the occupant, who in turn, kissed them. To the regret of the ladies and ladies in the districts where the novel ceremony was once performed, the custom has long since died out.

ooo

Easter was not kept as a festival until the fifth or sixth century, but previous to that the question of establishing it as a feast day came before the council of Nice, when it was decided authoritatively that Easter was henceforth to be the Sunday following the 14th day of the calendar moon which happened to be upon or next after the 21st of March so that if this 14th day be a Sunday Easter was not to be on that date but on the next following Sunday. Easter day, therefore, may be on any day within five weeks, from March 22 or April 25. It cannot happen earlier or later than these two dates. In 1883, Easter occurred on March 25, and again in 1894, which will be twice in the present century. In 1951 it will occur again on March 25.

ooo

There are many superstitions connected with Easter Sunday which are significant of the season, and are almost as imperative as laws. One of these is the necessity of having something new to wear on this day in order to insure happiness for the coming year. Hence the Easter bonnet. Another one is that on that day the sun dances. This is an old legend, and the lines from Sir John Suckling are well known: "But oh, she dances such a way—No sun upon an Easter day—is half so fair a sight." It is also claimed in heathen countries, where the superstition originated, that the lambs frisk and dance in the light of the rising sun on Easter, the name of the heathen divinity who was also represented as dancing and who gave to our Easter its name.

ooo

EASTER SUNDAY.

Easter Sunday which for centuries was observed only by certain churches is now almost universally kept as a day of days, all evangelical churches symbolizing it as the anniversary commemorative of the resurrection of Christ, a festival, which in the early Christian era was distinguished as the Sunday of joy, and which

FRIDAY, April 9, 1909.

Crazy Snake is about the only man we know who lives up to both ends of his name.

The Democrats of Lawrence county must nominate sober men if they want to win in November. The day has passed when drunkards can be elected.

The Arkansas sheriff who waited four hours for a drunken man to sober up before hanging him was humane. Getting over a spree, it is said, a fellow doesn't care whether he lives or dies, dying perhaps being preferred.

From Washington comes the news that Collector Sam Roberts, of Lexington, is slated for the political axe. Among the aspirants for the place are Charles Russell and Frank Coles, of Ashland. The indications are that the new Collector will come from this district, and for this reason Russell's or Coles' chances are regarded as favorable.

The Business Men's Intemperance League of Catlettsburg did not accept very graciously the attention paid by Big Sandy people to the local option election held there last Monday. The cold shoulder instead of the glad hand was given our people Saturday. All the use they have for Big Sandy people is to extract from them all the dollars possible. And they are not at all particular as to what they give in exchange for these dollars. Intoxicating liquor seems to be their favorite commodity, judging from the vigor with which they resisted the effort to stop the sale of the vile stuff. The death of Frank Blevins, John Whittaker, and dozens of others that have come as the direct result of Catlettsburg liquor, apparently has no effect upon their consciences.

To the Democratic Voters.

I have not been able to see all the Democratic voters of Lawrence county and the time is too short for me to do so. I therefore take this method of calling the attention of all to my candidacy for Circuit Court Clerk. I will be in the fight to the end and will appreciate your support as thoroughly as any man could possibly do. Will be glad to have those who do not know me to inquire about me and consider my claims for their support.

JERRY M. COOKSEY.

DON'T EXPERIMENT.

You Will Make no Mistake if You Follow This Louisa Citizens' Advice.

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness its time to act and no time to experiment. These are the symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Louisa. Follow the advice of a Louisa citizen and be cured yourself.

James B. Peters, Lock Ave., Louisa, Ky., says: "Doan's Kidney Pills have proven the best remedy I have ever used. I was in a miserable condition and could not stoop or lift without the sharpest pains darting through me. The kidney secretions were irregular and painful in passage, highly colored and at times a retention existed. I was becoming discouraged when Doan's Kidney Pills were brought to my attention and I began their use. In a short time I felt like a new man. I feel so much stronger at present that I cannot hesitate to recommend Doan's Kidney Pills to others."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

A Statement From E. G. Cordle.

First, I want to say that I am a true Republican and that I do not belong to any ring, clique or slate. I made a fair and honorable fight for the nomination for Jailer in the Republican primary of last Saturday, but did not get fair treatment in return. I was defeated because of a slate fixed up and carried through by some of the successful candidates. We all know there was only one man who broke their slate and got on the ticket.

I also want to say that if the Republican party wants to win they will have to get a Chairman who will see that every candidate gets a fair show. A chairman should take no land in the primary. The people should be allowed to make nominations without the meddling of the chairman.

The present chairman has been making slates for several years and 500 Republicans in the county are dissatisfied about it.

I feel sure that if I had only had the other candidates for Jailer to fight I would have won. But when it comes to forming combinations to defeat the will of the majority I do not believe it is right and I am opposed to all such dirty work.

I had my nomination won until the Sunday night before the primary, when the combination was formed that traded me out.

E. G. CORDLE.

CURES INDIGESTION

Distress from Stomach and Indigestion Vanishes in Five Minutes.

Take your sour stomach—or maybe you call it indigestion, dyspepsia, gas, bilis or catarrh of stomach, it doesn't matter—take your stomach trouble right with you to your pharmacist and ask him to open a 50-cent case of Pape's Diapepsin and let you eat one 22-grain Triangle and see if within five minutes there is left any trace of your stomach misery.

The correct name for your trouble is food fermentation—food souring; the Digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness and many other similar symptoms.

If your appetite is sickle, and nothing tempts you, or you belch gas or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all that there is but one cause—fermentation of undigested food.

Prove to yourself, after your next meal, that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is awaiting for you. It is merely a matter of how soon you take a little Diapepsin.

ARE YOU SURE

That the ice cream you buy is strictly PURE? Do you know that the makers' hands are clean, free from the bacteria, and freezers and other utensils kept in Sanitary Condition? Why take any chance where your health is concerned? Why not MAKE AND FREEZE YOUR OWN ICE CREAM IN 10 MINUTES FOR A PLATE WITH

Jell-O ICE CREAM POWDER

It is so easy. Simply stir contents of one 1 lb. package into a quart of milk and freeze, without cooking, heating or the addition of anything else. This makes two quarts of ice cream, clean, pure and wholesome. A good ice cream freezer can be bought for a dollar or two which will last for years, and will save you its cost.

That Satisfactory Feeling.

that is a part of the personality of those who know that what they wear is correct in every detail and appointment comes to those who wear garments purchased at our store. It is worth something to know that you are right even in matters of dress. We have been the fashionable barometer of styles in women's wear for a number of years and our prestige in this respect has not been diminished nor its luster dimmed by the present season's showings—in fact we have more to offer this year than in any previous season and our values, assortments, and prices stand in a distinct class by themselves not to be compared with anything ordinary or mediocre.

THE EASTER SEASON

Brings with it the demand for new suits, costumes, waists, and millinery and you just have time to make a pleasant selection from our large stock purchased special for this event and just in time to meet the demands for better costumes and the demand that always follows the Easter season.

We offer an unrivaled assortment of the newest and best things of dress, perfect fitting, of proper design and an assortment of values that make shopping a pleasure. Our millinery sections is crowded to the fullest extent every day and the new arrivals received daily from the hands of our designers and milliners keep a magnificent showing in a charming and beautiful condition for a select choice from something that is run to please the purchaser.

A WORD AS TO PRICES.

We purchase in such large quantities that we are always sure of the very lowest price concessions and in consequence an immense value for a given price than most stores. We keep an office in New York City where we run with skilled buyers to take advantage of any trade condition that might arise and to add to us the very latest and choicest novelties in the mercantile world. That is why our \$25 suits look and are better than the average \$25.00 suit, our \$10 and 15 hats have more freshness and style than most hats that sell at those figures. There is a reason for our values and behind this is the most thoroughly organized buying system in existence in this section.

March Had Thirty-Seven Days.

The following from Montle's, G. tells how the calendar has been changed by a former Louisan:

R. S. Chaffin came here to work as a blacksmith for Lane Bros. the first of January and made the remainder of the month straight. During February he worked 36 1/2 days, and up to the 30th he has worked 37 days in the month, and at the time of writing he is at work. "Big Sandy against the world."

N. B. McGUIRE.

Walter S. Harkins one of the most prominent lawyers in eastern Kentucky, went down with the Pressburg delegation last Saturday and battled manfully for prohibition. His Catlettsburg speech on that occasion has been pronounced one of the best ever made in that city.

Judge A. J. Kirk who, one might say, was a delegate at large to the demonstration, followed Mr. Harkins. The Judge's speech was along the same line and in argument, eloquence and force was the equal of the one made on that memorable occasion.

On last Monday Miss Mollie Jackson and Harrison Artip, both of West Virginia were married in the office of the County Judge T. S. Thompson. The Rev. Lindsay Waller was the officiating clergyman.

Prof. J. H. McClure and brothers have requested us to extend sincere thanks to the many persons who assisted in caring for their mother during her illness, and for their kindly deeds, beautiful flowers, and helpful words of sympathy after her death.

WILBUR.

On Saturday night, April 10, there is to be at the Christian Church a Plea Supper. Proceeds will be for the Wilbur Sunday School. Quite an enjoyable time is expected, as there will be recitations by the Sunday School children and plenty of good music. Everybody is very cordially invited to attend.

On Thursday night of last week the Masonic Lodge of Russell enjoyed a splendid banquet. It was on the occasion of conferring the Master's degree on Rev. O. F. Williams, pastor of the M. E. Church South of Russell. It was a most delightful occasion, and was attended by every Mason in Russell that evening.

Don't forget the Southern Methodist Bazaar Friday and Saturday, April 9th and 10th. Plenty of fancy articles to suit the tastes will be for sale. You will miss it if you fail to see the Art exhibit, the most unique collection ever placed before the people of the Big Sandy Valley. The Easter Egg Hunt takes place at 2 o'clock Saturday. Furnish the children with 10c. and let them participate in the hunt. Plenty of good things to tickle the palate. Place: Yates building below Snyder's Hardware Store.

Surprised Her Friends.

Miss Mattie McKee, a very worthy young lady of Louisa, on Saturday last became Mrs. Jay See. She went to Catlettsburg on that day, saying she was going to visit her friend, Miss Mollie Chaffin. There was nothing unusual in this, but in a short time after her arrival there she and Mr. See were married at the residence of R. S. Chaffin, by the Rev. W. L. Reid, of the M. E. Church South. The groom is a son of Charles See, of Fort Gay. Shortly after the ceremony the couple started to the State of Washington, where, it is said, they will reside.

To the Voters of Lawrence County.

It will be impossible for me in the short time I have to see all of you personally and I take this method of appealing to you. I am a candidate for the office of sheriff, one of the most important offices in the county and before announcing myself, I duly considered the importance of the office and the great responsibility that devolves on the sheriff.

In asking the support of the Democratic party for authority to make the race in November I know whereof I speak when I say that I can be lectured. I have never been mixed up in politics and belong to no ring or clique.

I desire to win the nomination on merit alone and promise to meet the opposite party face to face and win in November.

This County is Republican and the nominee must be a man that can draw strength from the opposite party. I know I can do this besides hold my party vote.

Thanking you for courtesies, I am Respectfully,

KENNIE CYRUS.

Not A Candidate.

I have concluded not to make the race for jailer. I am not able to canvass the county, and also think it is Lys Branham's time to make the race. I think he is the strongest man on the ticket to make the final race. I thank my friends who had promised me and those who would have voted for me.

To the Citizens and Tax-payers of Lawrence County.

You are aware of the fact that I am a candidate for county Judge again, having been over-persuaded to make this race again. You favored me with this very responsible position once and I think I went into the office with clean hands and tried to come out the same way. The county was sued when I came into office and overdrawn \$5000 on the first year's levy that I had access to.

I don't think I ever held the fiscal court over four days at any one term. Find out how long it has been held since that time. It cost the tax-payers about \$40.00 per day to run the fiscal court. When I quit the office the county's paper was being discounted only from five to eight per cent. roads and bridges good

all over the county. See where the county is today and find out what amount the county is paying in interest bearing judgments alone.

The collection of the franchise tax was started when I was county Judge. That had always been over looked. The county got over \$7000.00 out of that. So now taking the condition of the county today into consideration if you think I am the man for County Judge, vote for me and I will never give you cause to regret it.

JOHN H. THOMPSON

The body of Mrs. Louisa McClure was laid to rest last Friday in the family burial grounds near Gallup. A number of friends and relatives made the trip from Louisa to the place of interment. Rev. Cyrus Little conducted the services at the grave.

THE GREATEST

Pleasure to a Woman

Is in knowing that her costume is absolutely faultless, that she is admired by all of the men, even if she is envied by all the women. This is particularly so along about Easter time, when of all times of the year it is expected that one will look the prettiest. There is just one sure way of knowing that you will look your very best, and that is by buying your outfit of a store that has a reputation for having always the height of the season's offerings.

Our store is the one place in this community that has achieved a reputation of always having "correct dress for women."

Only a few days 'till Easter. Are you ready? Have you a perfect outfit.

WHAT ABOUT THE HAT?

This season's hats cannot be thrown together by a novice. They are works of art or they will be freaks. Why not let us furnish you one of our exclusive trimmed hats. There is plenty of time. We have a large stock of elegant pattern hats, and a large force of trimmers getting more ready all the time.

WHAT ABOUT THE SUIT?

It is almost impossible to get a satisfactory suit, following the latest models, unless you get one of our stylish, perfect fitting, man-tailored suits. They are real beauties. You have a large selection to choose from. We offer you absolutely the finest choice of any store in the state.

And the balance of the Costume?

We have a most charming array of pretty wraps, of delicate wash dresses, of artistically made underwear, of modish corsets, of beautiful waists, and all the dozen and one things that you need to complete your outfit.

WEST VIRGINIA NEIGHBORS

Five men were entombed as a result of an explosion at Echo mine in Fayette county, W. Va. All are believed to be dead. Two more slightly injured were rescued.

Fire thought to have been of incendiary origin destroyed the plant of the Columbus Baking Company at Huntington, W. Va., the largest concern of its kind in the State.

Two important changes were made in the appointive offices of the State last week. Pardon Attorney Frank Elkins resigned to accept the position of assistant attorney general and the appointment by Governor Glasscock of H. Roy Waugh, of Buchanan, as pardon attorney.

The annual convention of the West Virginia Sunday School Association will be held at Elkins, Randolph county, on Tuesday, Wednesday, and Thursday April 20-21-22. The people of Elkins are making elaborate preparation for the entertainment of delegates who may go. The programme for the occasion is most interesting and entertaining, one and will provide for the thorough enjoyment of the occasion.

D. C. Christian and J. S. Johnson, serving a ten-year sentence in the state penitentiary for high way robbery committed in Mingo county in July, 1905, were granted conditional pardons by Governor Glasscock.

An Assyrian peddler was robbed and the two men were arrested and convicted of the offense upon the testimony of two foreigners. Their testimony had to be interpreted and was very unsatisfactory. The court was unable to give a shorter sentence than ten years.

Miss Sara Midkiff, of Sheridan, Lincoln, County, was drowned last week. Miss Midkiff was the daughter of Newton Midkiff, one of the prominent farmers of the Gayan valley. The young lady, who was past eighteen years of age, was subject to epileptic fits, and it is supposed that while under one of these attacks she fell into the pond and was drowned. There were evidences that the girl had been gathering ferns and mosses on the edge of the pond. The water in which she was drowned was not more than two feet deep. The funeral was largely attended.

Norfolk, Va., April 2.—The opening of the Virginian railway, extending from Sewell's Point, Norfolk, to Deepwater, W. Va., on the Kanawha River, a distance of 446 miles, took place today, with a big celebration here, made more notable by the presence of H. H. Rogers, who personally built the "Virginian" at a cost of about \$4,000,000; Samuel L. Clemens (Mark Twain), and several other prominent New York financiers interested with Mr. Rogers in the undertaking.

The Virginia railway, begun in April, 1892, was completed February 17, 1909. More than 1,000,000 acres of coal lands in West Virginia have been made accessible by it and the road has opened up a country never before enjoying railroad facilities.

Pearl Vanhorn and family, who have for the past five years resided at Portsmouth have moved back to their old home on White creek, where Mr. Vanhorn will engage in farming.

The Manufacturers' Record is advised that the Kanawha Collieries Co. of Moundsville, W. Va., recently incorporated with a capital stock of \$200,000, has purchased about 700 acres of coal land and a mining plant of 400 tons daily capacity at Graham Mines, W. Va., on the line of the Cok & Coal Railway Co. The company will install a complete electrical equipment at the mine, increasing its

capacity to 1000 tons per day, and develop both the Peacock and Mason seams of coal. Coke ovens may be constructed later. Officers of the company include E. D. Leach, president and general manager, and J. E. Potts, secretary and treasurer.

Large Coal Deal.

The most stupendous coal land deal ever perfected in Southwest Virginia was closed recently between Jas. S. Browning, of Pocahontas, and Thomas T. Boswell, of Baltimore, whereby Mr. Boswell comes into possession for years of the well known Browning mines of the famous No. 3 vein of Pocahontas coal at Pocahontas.

The terms of the lease are \$200,000 cash bonus, payable April 1, and in addition thereunto 15 cents royalty on every ton of coal mined and 24 cents on every ton of coke made.

The minimum royalty for the first year is \$22,600. The minimum royalty is \$45,000 for each and every year during the life of the contract, which is for fifty years, unless the vein of coal is exhausted in the meantime.

The lands embraced in the lease lie north of the top of the summit of Laurel Ridge, on the waters of Laurel Creek, in Tazewell County, Va., the acreage of which boundary is estimated to contain 800 or 900 acres.

The coal is No. 3 Pocahontas vein, with a thickness of 11 feet of solid coal. The coal mined by the Browning mines has heretofore largely been used by the United States Navy and the Panama Canal Commission.

The land on which this coal was found was on the market not many years ago and would have gladly been sold for five dollars an acre if a purchaser could have been found.

THE ROAD TO SUCCESS.

has many obstructions, but none so desperate as poor health. Success today demands health, but Electric Bitters is the greatest health builder the world has ever known. It compels perfect action of the stomach, liver, kidneys, bowels, purifies and enriches the blood, and tones and invigorates the whole system. Vigorous body and keen brain follow their use. You can't afford to slight Electric Bitters. If weak, run-down or sickly. Only 50c. Guaranteed by A. M. Hughes, Louisville, Ky.

Complimentary to W. J. Vaughan.

The Sparta Ishmaelite, of Sparta, Ga., gave the following account of the part taken in a Sunday school meeting by W. J. Vaughan, of this place:

"The next speaker introduced was Mr. W. J. Vaughan, of Louisville, Ky., a Field Worker of the Ky. S. S. Association. Perhaps no speaker on any subject has more thoroughly captivated a Sparta audience than did Mr. Vaughan from the very start. No adequate synopsis of his earnest and interesting address can be attempted for those who did not hear him, but no one present will ever forget it. The impression made upon him was deep and lasting, and would have been exceedingly profitable to teachers of day schools as well as Sunday schools, and to all who have to deal with children. He knows boys. No one who heard him doubts this. He told of how so many boys when going through their 'awkward period,' unavoidably 'self-conscious, and conscious of it, and conscious that every one else is conscious of it,' are often discouraged to the point of desperation just because they are misunderstood.

He pleaded eloquently and earnestly for a better understanding of the boys that they may be saved for this life as well as for the next, and insisted that boys are not worse than girls except as we make them so. Every teacher and parent who heard this remarkable address, felt the burden of a great responsibility."

Fanny J. Crosby.

Fanny J. Crosby, famous throughout the English speaking world as the blind hymn writer, entered upon her ninetieth year last Wednesday. At the home of a relative in Bridgeport, Conn., where she lived for many years, many letters and messages of congratulations poured from all over the country.

Miss Crosby has been totally blind since she was six years old. At the age of 15 she entered the Institute for the Blind in New York and after her graduation she was a teacher there for ten years. She is the author of about 4,000 hymns, among the best known being "Spide in the Arms of Jesus," "Jesus the Water of Life Will Give," "Jesus Keep Me Near the Cross."

For Boys and Girls.

We wish to call special attention to the very attractive premiums we are offering to all boys and girls who will send in two new subscribers for the BIG SANDY NEWS. A large number of these premiums have already been sent out and the recipients are highly pleased.
 The fine solid gold rings are highly prized by the girls. One has just written us for a second ring, stating that she was so well pleased with the first one that she wanted another for her sister.
 This offer probably will not continue long and all who want to take advantage of the offer should get busy at once. See advertisement in another column.

Lawrence Circuit Court.
 M. F. Borders & Co., Pliffs.
 vs. Notice of Commissioner's sale.
 Frank Allen Defendant.

Pursuant to a judgment of the Lawrence Circuit Court in the above entitled cause, rendered at its January term 1909 directing undersigned Court's Commissioner to expose for sale the hereinafter described property, I will, on Monday the 19th day of April 1909, (that being regular County Court day) at the front door of the court house in Louisa, Ky., offer for sale to the highest and best bidder said property, or so much thereof as may be necessary to pay debt due Frank Allen, to-wit: the sum of fifty dollars (\$50.00) with interest at six per cent. per annum from the 10th day of August 1904, until paid, also the further sum of ten dollars (\$10.00) with like interest from December 10th, 1904, until paid together with the costs of said action. Said property is described as follows:

A tract of land situated in Lawrence County, Kentucky bounded as follows: Being on the left hand fork of George's Creek, beginning at the mouth of a drain, thence up the left hand fork of George's creek to Windobord's line, thence a westerly course with Debord's line to the line at a stake, thence with said line to the county road, thence down the creek with the county road to a branch at a bridge, thence down said branch to the beginning, containing about four acres more or less.

TERMS: Said sale will be made on a credit of eight months, the purchaser to execute bond with good security payable to Frank Allen, drawing interest at six per cent until paid with lien retained on the property so sold as further security.

At a meeting of the First Baptist

Thursday evening, Re. T. J. Rigg, of
Oak Hill, Ohio, received a unanimous
call to the pastorate of the church.
He will be here for the first time on
Sunday, 11.

Before the end of April more than
60,000,000 cubic feet of natural gas
will be taken daily from the gas
fields of the southern part of West
Virginia and distributed among con-
sumers in . . . Cincinnati.

The citizens of Bonanza have or-
ganized a company to build a tele-
phone line from there to Preston-
burg to be known as the Bonanza-
Prestonburg Telephone Co. A con-
tract to be made with the Southern

Damages are asked by F. H. Pres-
ton, of Paintsville, a clerk in the
Auditor's office, against the Central
Kentucky Traction Company for \$5-
000 because he had a suit of clothes
stripped from him in a street car
accident in Frankfort last summer.

The leading citizens in Russell are
promoting the location of a modern
furnace there for the manufacture of
pig iron. They have interested Col-
E. J. Bird, of Ironton, in the project,
and went over the question with him
a few evenings ago. Now there is
much probability of the building of
the furnace.

Joe Long, the most notorious moon-
shiner known in these parts since
Uncle Mat Greer's death, was captured
Sunday at the home of Grant Nick-
ell, on Byrd branch of Grass, and
six gallons of moonshine liquor found
in his possession. Joe Long has never
been apprehended but twice be-
fore, although he has been in the
business for years. His partner, Mer-
ton Peyton, said to be, was not tak-
en, and the business may go on in-
definitely.—Hazel Green Herald.

Saturday afternoon, at Euclid near
Russell, quite an excitement was
created at the Greek Camp, when one
of the Greeks undertook to end his
life with a 32 caliber pistol. The man
is said to have been ill for a few
days but it was not known that he
was in such a serious condition. Ef-
forts were being made by his com-
panions to send him to his old home
in Greece. A few hours before train
time he secured a revolver and fired
into his breast. Dr. Miller was sum-
moned and after an examination,
thought it best for him to be sent
to a hospital as soon as possible. He
was brought to Greensburg Sunday
morning and taken to Russell to catch
the fast line for Cincinnati, where he
was taken to a hospital to undergo
an operation.

On last Saturday morning at Nip-
pa, near the mouth of Rush Fork,
the fine barn belonging to Ted Pres-
ton was consumed by flames. The
fire was of incendiary origin. The
barn contained 25 bushels of corn
and a large amount of hay, which
was destroyed. Mr. Preston in addi-
tion to losing the corn and hay, lost
all his farming implements including
a fine surrey. The barn was evidently
set on fire by some one who was mad
at Mr. Preston. They also saturat-
ed the store belonging to Mr. Pres-
ton, which was nearly with coal oil
and it took hard work to keep the
store from burning. Bloodhounds were
procured from Lawrence county, and
it is said the dogs trailed the par-
ties to near the head of Hood when
the trail was lost.

CATARRH DESTROYED MY APPETITE.

PERUNA rarely fails to restore the
appetite. Immediately upon be-
ginning the use of Peruna patients begin
to eat and digest. This is the universal
testimony, coming from all parts of the
civilized world.

Catarrh is a very frequent cause of
loss of appetite and disturbed digestion.
The beneficial influence of Peruna on
catarrh completely restores the appe-
tite in such cases.

To prod the digestive organs with
medicines that are merely stimulants is
a poor way to remedy such cases.

"I am now cured and cheer-
ful in spirit, all through the agency of Peruna,
which has cured me effectually and restored
my appetite."
"My only regret is that I did
not use Peruna sooner and I
would have avoided all my pre-
vious suffering and misery."
—Mr. Joseph H. Conlan.

Removed Catarrh, Restored Appetite.

Mr. Joseph H. Conlan, 487 7th Ave., Brooklyn, N. Y., writes:
"I suffered from catarrh which completely destroyed my appetite and
weakened my entire system."
"I am now cured and cheerful in spirit, all through the agency of Peruna,
which has cured me effectually and restored my appetite."
"My only regret is that I did not use Peruna sooner and I would have
avoided all my previous suffering and misery."

Torpid Liver, Stomach Trouble.
Mr. James O'Hynes, 631 Madison St.,
Topeka, Kan., conductor Santa Fe Rail-
way and member Order of Railway Con-
ductors, writes:
"I suffered with a torpid liver and
stomach trouble, which made my com-
plexion very sallow, and I felt misera-
ble and tired all the time."
"An aunt wrote me that she was tak-
ing Peruna with such good results that
she advised me to try it, and I finally
bought a bottle, although I disliked to
take patent medicines."
"However, I found Peruna very agree-
able to take, and effective, as I felt bet-
ter in a week. I took only five bottles
in all and I found that was all I needed."
"I am most grateful to you for what
your medicine has done for me."

Dysentery Entirely Relieved.
Mr. W. N. Casey, Leamington, Ill.,
writes:
"In two weeks after beginning your
treatment I was well. I used nine bot-
tles. Ask your Druggist for a FREE
Peruna Almanac for 1909."

Peruna as a Tonic.
Capt. R. H. Smith, Greensboro, Ga.,
writes:
"After using several bottles of Peruna
I can recommend it as one of the best
catarrh medicines on the market. As a
tonic it has no equal."
"Peruna is all that is claimed for it."

Catarrh of Stomach.
Mr. Henry Neely, First Lieutenant,
Co. "F," 8th Regiment, O. V. I., No. 1,
223, Trenton, Mo., writes: "I suffered
for years with catarrh of the stomach.
Seeing an advertisement of Peruna, I
bought a bottle and every dose made me
feel better. Seven bottles completely
cured me."

Damages are asked by F. H. Pres-

stripped from him in a street car
accident in Frankfort last summer.

The leading citizens in Russell are
promoting the location of a modern
furnace there for the manufacture of
pig iron. They have interested Col-
E. J. Bird, of Ironton, in the project,
and went over to question with him
a few evenings ago. Now there is
much probability of the building of
the furnace.

Joe Long, the most notorious moon-
shiner known in these parts since
Uncle Mat Greer's death, was captured
Sunday at the home of Grant Nick-
ell, on Byrd branch of Grass, and
six gallons of moonshine liquor found
in his possession. Joe Long has never
been apprehended but twice be-
fore, although he has been in the
business for years. His partner, Mur-
ron Peyton, said to be, was not tak-
en, and the business may go on in-
definitely. —Hazel Green Herald.

Saturday afternoon, at Euclid near
Russell, quite an excitement was
created at the Greek Camp, when one
of the Greeks undertook to end his
life with a 32 caliber pistol. The man
is said to have been ill for a few
days but it was not known that he
was in such a serious condition. Ef-
forts were being made by his com-
panions to send him to his old home
in Greece. A few hours before train
time he secured a revolver and fired
into his breast. Dr. Miller was im-
mune and after an examination,
thought it best for him to be sent
to a hospital as soon as possible. He
was brought to Greentop Sunday morn-
ing and taken to Russell to catch
the fast line for Cincinnati, where he
was taken to a hospital to undergo
an operation.

On last Saturday morning at Nip-
pess, near the mouth of Rush Fork,
the fine barn belonging to Ted Pres-
ton was consumed by flames. The
fire was of incendiary origin. The
barn contained 100 bushels of corn
and a large amount of hay, which
was destroyed. Mr. Preston in addi-
tion to losing the corn and hay, lost
all his farming implements including
a fine surrey. The barn was evidently
set on fire by some one who was
aid at Mr. Preston. They also satur-
ated the store belonging to Mr. Pres-
ton, which was nearly with coal oil
and it took hard work to keep the
store from burning. Bloodhounds were
procured from Lawrence county, and
it is said the dogs trailed the par-
ties to near the head of Hood when
the trail was lost.

THE BED-ROCK OF SUCCESS
lies in a keen, clear brain, backed
by indomitable will and restless en-
ergy. Such power comes from the
splendid health that Dr. King's New
Life Pills impart. They vitalize every
organ and build up the brain and
body. J. A. Harmon, Lazenore, W.
Va., writes: "They are the best
pill I ever used." 25c by A. M. Hughe
